## *4-Hour User Supported Scaffold Safety Training Course*

**MANDATORY training requirements for individuals USING supported scaffolds of ANY height to perform his or her job tasks**

*Scaffolding is widely used during construction and renovation activities. In its simplest form, a scaffold is any temporary elevated or suspended work surface used to support workers and/or materials. There are many types of scaffolds, both supported and suspended.*

*“Supported scaffold” shall be defined as one or more platforms supported by outrigger beams, brackets, poles, legs, uprights, posts, frames, or similar rigid support of any height and including, but not limited to, sidewalk bridge scaffolds, single pole scaffolds, tube and coupler scaffolds, fabricated frame scaffolds, tubular welded frame scaffolds, outrigger scaffolds, needle beam scaffolds, mobile scaffolds, repair bracket scaffolds, mast climber scaffolds that are mechanized or motorized, back structures for personnel hoists and/or material hoists and system scaffolds*

*TSC’s 4-Hour User Supported Scaffold Safety Training Course is in compliance with the training requirements of Subchapter 2 of chapter 33 of title 26 of the administrative code of the city of NY. The training is typically provided in one four session, on weekdays, evening or weekends. TSC is aware of the time sensitive needs of today’s Construction Professional and will work with your organization to design the most suitable schedule possible.*

### **WHO SHOULD ATTEND?**

*Any person who **uses** a supported scaffold **of any height** in the erection, dismantling, repair, maintenance or modification of any building or structure must complete a training program of at least **four hours** and be issued a supported scaffold user certificate verifying completion of the program. This certificate shall be valid for **four years**. A 4-hour user scaffold safety training course must be completed every four years.*

### **ATTENDEES WILL TAKE HOME:**

- *Informative course handout, including glossary of terms, to be used as reference after completion of training.*
- *Full color, waterproof picture ID supported scaffold user certificate card in accordance with Local Law 52 guidelines.*

### **Course Topics include:**

- *Overview of NYC Building Code-Article 8 of Subchapter 19 and Article 10 of Subchapter 2- Supported Scaffolding*
- *Subpart L-OSHA Standard for Scaffolds including proper use of scaffold & handling of materials on scaffold*
- *Assist users to ID & control hazards associated with scaffold use*
