30 Hour OSHA Safety and Health Outreach Training Program

The OSHA Construction Outreach Training Program is a voluntary training program intended to assist individuals in recognizing, comprehending and complying with federal OSHA requirements. TSCTA offers the 30-Hour OSHA Construction Outreach Training Programs, in-house or on-site, utilizing the latest teaching techniques and audio visual aids to deliver needed information to workers and supervisors in a professional and informative manner.

This training is intended to provide an initial overview of key OSHA Construction Industry Standards. The content of the training is flexible, permitting TSCTA to individually tailor training programs to suit any organizations industry-related, site-specific safety-needs. The benefits of the outreach training are immediate for both employee and employer and include increased workplace safety awareness and compliance. Each attendee will take home a copy of OSHA Code of Federal Regulations for the Construction Industry, CFR 1926, an invaluable resource that will surely be used time and time again. Expect to walk away from TSCTA's 30 HR OSHA armed with the knowledge, reference materials and understanding of OSHA regulations to assist in establishing a safer work place and reducing overall job-related costs.

30-Hour OSHA Information

This program includes OSHA policies, procedures, and standards, as well as construction safety and health principles. The training will place emphasis on those areas that are most hazardous, using OSHA standards as a guide. This program is more applicable for the construction supervisor, with a more intensified focus on various occupational safety and health standards. Course participants can expect to be able to locate and identify OSHA standards in 29 CFR 1926; identify common causes of accidents and fatalities in hazardous areas of construction; recommend abatement techniques for such hazards; and recognize various construction processes, materials and equipment

Required training for certain individuals applying for SITE SAFETY MANAGER or SITE SAFETY COORDINATOR CERTIFICATION:

- *Site Safety Manager License:* individuals applying for their SSM license who meet the required satisfactory education/experience equivalent qualifications OR have completed a paid 18 month on the job training program working on major buildings under direct supervisor of a SSM are required to complete the 30 HR OSHA Training and a 40 HR Site Safety Manager Training.
- *Site Safety Coordinator License:* individuals applying for their SSC license who meet the required satisfactory education/experience equivalent qualifications are required to complete the 30 HR OSHA Training and a 40 HR Site Safety Manager Training.

Course Completion Materials

Participants are required to attend all class sessions to receive a completion certificate and OSHA completion card. Completion certificate will be issued at the conclusion of training program. Participants who successfully complete the course will receive a laminated 30-hour OSHA card within 4-6 weeks after conclusion of class directly issued by OSHA.

Sample Course Outline

Each of the following topics may be covered during an OSHA Outreach Training Course. The items marked with an asterisk are mandatory for the 30-hour class.
