

16-HR Rigging Worker Training

CEUs: 1.4

COURSE DESCRIPTION:

During the training, students will be provided with an overview of OSHA and DOB policies, procedures, and ASME rigging standards with a special emphasis on recognition and prevention of hazardous conditions. Additional topics will include instructions on how to visually inspect rigging equipment, basic crane components, crane setup and methods of applying proper rigging hitches. Students will participate in hands-on exercises in which they will be responsible for presenting, installing and using various rigging applications.

Hands-on assessment will be made by instructor to determine if each student is capable of applying rope knots, inspect rigging hardware and apply learned rigging lifting techniques. Immediately prior to the end of the course, students will independently participate in a multiple-choice final exam.

LEARNING OUTCOMES include:

- Recognize hazards associated to rigging in construction
- Inspect rigging equipment in accordance to ASME, OSHA and manufacturer requirements
- Identify hitch configurations, equipment capacities and basic knots
- Use rigging equipment and hitches in various applications

COURSE COMPLETION:

To successfully complete this course, students must obtain a score of **70%** or higher on the hands on and written exam. Successful students will receive a 16 Hour Rigging Worker Course Completion ID card. This card is valid for 4 years.
