30-HR Special Rigger Training

**CEUs:** 3.0

**COURSE DESCRIPTION:**
During this course, participants will learn the most current rigging standards and the core management skills needed to be an effective Licensed Special Rigger. The course will thoroughly review New York City Construction Codes and OSHA Regulations as it pertains to rigging operations and industry best practices. Material covered will include guidance on how to read scaffold design drawings, how to verify the fitness of the rigging crew, properly train workers on related hazards, and also how to identify and respond to emergency situations.

The course will also include a hands-on portion where the instructor will assess if each student's capability of applying rope knots, terminating wire rope, building a block, effectively installing fall protection systems, and inspecting/maintaining different types of scaffold hoist motors.

**LEARNING OUTCOMES** include:
- Identify special rigging equipment and its hazards
- Discuss common causes of rigging accidents based on case studies
- Outline differences between OSHA and NYC DOB scaffold regulations and their sources
- Develop skills necessary to understand rigging math and calculations
- Perform rigging inspections using provided rigging principals
- Identify critical picks and check rigging paperwork as per 1 RCNY 104-20, 1 RCNY 104-21, 1 RCNY 104-22
- Develop emergencies procedures during scaffold incidents
- Discuss common working platforms and safety protocols for lifting/lowering loads

**COURSE COMPLETION:**
Students are required to complete 100% of the course and actively participate in all learning activities including hands-on demonstrations and the review quiz to receive a 30 Hour Special Rigger Course Completion certificate. Training must be completed one year immediately prior to the renewal.
