

8-HR Supported Scaffold Installer/Remover Refresher Training

CEUs: 0.7

COURSE DESCRIPTION:

During this course students will be discussing changes and updates to OSHA and New York City Department of Buildings (DOB) policies, procedures and supported scaffold standards. Students will also have a chance to share jobsite experiences and opinions about new supported scaffold systems and solutions. This knowledge will help workers to properly prepare for and participate in supported scaffold installation/removal process.

The instructor will assess students to determine if each student is capable of applying rope knots used to rig scaffold equipment, properly install/maintain fall protection systems, safely build supported scaffold systems and walking/working scaffold platforms and immediately prior to the end of the course, students will independently participate in a multiple choice final exam.

LEARNING OUTCOMES include:

- Recognize supported scaffold related terminology and definitions.
- Identify causes of scaffolding accidents and prevention methods.
- Discuss differences between New York City Building Code and OSHA scaffolding regulations.
- Illustrate hazards related to installation/removing and use of supported scaffolds and how to control them.
- Develop a basic knowledge of how to safely use supported scaffold equipment in the classroom environment.
- Inspect supported scaffold components using methods learned.

COURSE COMPLETION:

To successfully complete this course, students must obtain a score of **70%** or higher on the hands on and written exam. Successful students will receive an 8 Hour Supported Scaffold Installer/Remover Refresher Course Completion ID card. This card is valid for 4 years.
