

Defensive Driving Course: Point & Insurance Reduction Program

COURSE DESCRIPTION:

TSCTA's Point & Insurance Reduction Program (PIRP), approved by the Department of Motor Vehicles is a 6-Hour defensive driving course designed to teach motorists driving strategies that help minimize risks associated with hazards on the road. All Principal Vehicle Operators Are Eligible, as long as they have not taken a NY point and insurance reduction course within the last 18 months (unless student has received an order or permission from the DMV or the court to do so). This course includes applicable New York state traffic laws that help drivers use safer driving techniques to avoid and prevent accidents. Defensive driving is a method of driving that minimizes the number of driving risks, using more advanced skills than just your basic training. Upon successful completion of course, students will receive a Defensive Driving Course certificate.

Note: If you do not have a New York Driver's License you may not be eligible for this program. Please check with your local DMV.

TOPICS:

- The course will cover the following basic defensive driving techniques:
- Be prepared and look ahead.
- Maintain proper speed.
- Signal when turning or changing lanes.
- Leave enough space in distance and time, between you and other vehicles.
- Wear your seat belt.
- Don't drive if you are tired, medicated, or under the influence of alcohol, drugs, or medication.

COURSE COMPLETION:

Students are required to complete 100% of the course and actively participate in all learning activities including hands-on demonstrations. Upon completion of training, attendees will receive a course completion certificate for the 6 HR Defensive Driving Course Point & Insurance Reduction Program sent directly to the student's home within 45 days of the completion of the course.
