

8-HR HAZWOPER Refresher Training

COURSE DESCRIPTION:

This training program consists of a synopsis of the core elements of an occupational safety and health program including emergency response plan and procedures. Additional course topics to be explored include proper use of air monitoring devices and appropriate use and hands-on demonstration of PPE. Besides live lecture and instructional videos, the program includes discussion of pertinent provisions of EPA standards or laws, decontamination equipment and procedures, and review of air and contamination monitoring equipment. The training concludes with a class interactive task where students are asked to apply the information and materials that were provided during the course to mock hazardous scenarios.

TOPICS include:

- Discussion of written HAZCOM Programs
- Training in the use of Material Safety Data Sheets (MSDS)
- Labels and labeling systems
- Signs and other communication devices associated with HAZCOM

COURSE COMPLETION:

Students are required to complete 100% of the course and actively participate in all learning activities including hands-on demonstrations. Upon completion of training, all participants will receive a certificate of completion for HAZWOPER Refresher under 29 CFR 1910.12 from TSCTA.
