

MOBILE ELEVATING WORK PLATFORM OPERATOR REGISTRATION FORM

COURSE DESCRIPTION

Mobile Elevating Work Platforms (MEWP) are machines/devices intended for moving persons, tools and material to working positions, consisting of at least a work platform with controls, an extending structure and a chassis.

The purpose of this training is to provide students with general instructions regarding the inspection, application, and operation of aerial platforms, including recognition and avoidance of hazards associated with their operation.

Students will develop the competency needed to operate MEWPs safely while also complying with the laws governing their operation.

CEUs

0.8

LEARNING OUTCOMES

Upon completion of this course, the student will be able to:

- Identify different groups and types of MEWPs based on ANSI classification
- List the training requirements for all personnel involved in platform operations
- Recognize hazards associated with use of MEWPs.
- Conduct a site risk assessment

NOTE: Candidates will take a written test and demonstrate hands-on proficiency in a skill-testing session. The practical assessment is conducted on the applicable machine, based on the client's request.

In order to successfully complete this training, all participants must pass a practical (hands-on) assessment on the specified equipment at the client/employer's facility.

Make-up time is not permitted for this training course. Students who miss time from any individual session must reschedule and attend the full training course.

HOW TO REGISTER

ONLINE: Please visit www.tscta.com

EMAIL: Send completed form to info@tscta.com

FAX: Send completed form to 718-389-6155
